

This book has permission to use the "N&K method of COLORS".

7) Question: For the seven countries listed below, the bars show the number of cars. If the total number of cars is 340 million, what should the words, "Axis Title" be replaced by, to accurately reflect the data on the graph.

- A) NUMBER OF CARS (in 10,000s)
- B) NUMBER OF CARS (in 100,000s)
- C) NUMBER OF CARS (in 1,000,000s)
- D) NUMBER OF CARS (in 10,000,000s)

For speed, while solving something similar, only THINK the words in blue; WRITE only the words in other COLORS.

Solution:

Given: 1) For the seven countries listed below, the bars show the number of cars.  
 2) The total number of cars is 340 million

Solve: What should the words, "Axis Title" be replaced by, to accurately reflect the data on the graph?

Road Map of Solution:

First Step: Write down the different countries in one column.

Second Step: Write down the respective number of cars in each country.

Third Step: Add up the cars column. The total for the cars column is 340.

Fourth Step: Compare the Given Second statement with the total for the cars column.

On comparing, we see

Given Second Statement compares with Total number for cars column  
 Total number of cars is 340 million compares with 340

COUNTRIES	CARS
P	10
Q	20
R	50
S	60
T	70
U	85
V	45
<b>Total</b>	<b>340</b>

Therefore, the "Axis Title" should be NUMBER OF CARS (in millions)  
 the "Axis Title" should be NUMBER OF CARS (in 1,000,000) Answer (C)
